

LED Deco Golf Ball E14

014-646

Description

The Deco Golf Ball, with its somewhat lower luminosity and standard round form, is the lower-cost version, compared to the LED Golf Ball. Whilst it most closely resembles the traditional light bulb, its shape is not, however, best suited to fit all different market-standard sockets. The Deco Golf Ball is available in the light tones warm white or brilliant white, and with a matt or clear polycarbonate casing. For outdoor use, a suitable socket with silicon seal ring must be used.
