

Aussenkette Schaftlampe E14

019-316

Typ 977 (9771530011)

Description

Description

The classics of festive decoration. The days when you needed a separate socket for each element of your lighting installation are now finally consigned to history with our design protected QuickFix™ system: Using this connector system, multiple branded 230-volt products may be connected together with no problem

Technical Information

This energy-saving technology, we have introduced in our traditional indoor and outdoor light chains. In addition to the proven versions with conventional light bulbs, these fairy lights are available with replaceable LED lamps. These LEDs are available with E14 thread, in the shape of shaft lamps. The electronics of this LED we have developed so that a single voltage per LED of 8-34 volts can be controlled. This has the advantage that the LEDs can be used universally in fairy lights from 7 to 30 sockets and must not be paid attention to different voltages due to the number of sockets.

Take care when using of traditional light chains that are equipped with LED bulbs, that these LED bulbs are not used with normal bulbs in a fairy lights and that you only use replacement LED bulbs of the MK Illumination brand to ensure the guarantee and liability.

Product data

-   green, ivory
-  LED warm white (15 LED)
-  black

Size (L-W-H): 1350 x 0 x 11.8 cm
 Diameter: 2.7 cm
 Number of segments: 1
 Lamps per segment: 15
 Length per segment: 13.50 m
 Watt/segment: 0.19 W
 Watt: 2.5 W
 Mains voltage: 220-240 V AC 50-60Hz
 Operating voltage: 8-34 V
 Operating mode: Power supply
 Connectable: yes
 Number of connectable: 7

QuickFix™ connection system

Packaging - Product

Type of Packaging: Sales Box
 EAN-Code: 4045863001333
 Size (L-W-H): 56 x 20 x 6 cm
 Weight: 1.25 kg
 Produkts/Packaging: 1

Packaging - Shipping

Type of Packaging: Brown carton
 EAN-Code: 4045863001159
 Produkts/VPE: 5
