

LED Flashing String Lite® 160

Predecessor: 028-081

029-081

LEDPL-160-36VTR-WW-WH

CE F III IP67

Description

Product description

The 230 V String Lite® is available in lengths of 8m. The light string features points of light fixed directly to the light cable. A string is generally made up of multiple segments. By means of the design protected QuickFix™ system, up to 25 light strings may be connected together without any problems. Each light string shines with 160 patented LED points of light. Each segment can be individually replaced.

Decoration solutions

Depending on the decoration object, String Lites® give an atmospheric and fun impression, at the same time. This light string can easily be wrapped around columns and is perfectly suited for the decoration of large areas, as hanging decoration, e.g. across corridors and halls, for the creation of motifs, and as outline decoration. The LEDs, as well as the light cable, are available in various colors.
