

LED Strip Lite® 40

245-019

Description

Luminosity:

Our Strip Lite range is suitable for indoor and outdoor displays. It features high brightness SMD LEDs that disperse the light with a 120 degree beam angle. Boasting 40 LEDs that create approx. 600 lumens of light per running metre, the Strip Lite range is the perfect choice for creating direct and indirect illumination.

Configuration:

Thanks to its special accessories, each Strip Lite can be mounted to rails. In addition, it is compatible with the existing QuickFix® Low Voltage System and can be combined with all extensions and distributors.

Dimensions

 LED warm white (800 LED)

 white

Size (L-W-H): 2000 x 1.25 x 0.5 cm

Number of segments: 100

Lamps per segment: 8

Length per segment: 0.20 m
