

QuickFix® Simple Garland

Predecessor: 014-161
290-161

Description

Product description

Elegant artificial trees and decorative garlands of greens supplied complete with warm white points of LED light. The natural color of the thick foliage of tinsel tips and injection-molded tips, in addition to the high density of tips in the decoration, make for realistic-looking greenery on the one hand and, on the other, for a picture-book, festive lighting display. Each and every light is individually attached to a tip, with the wires running through the interior of the product. The QuickFix™ Tree, available in the size of 1.2 m x 2.1 m, shines with 720 patented LEDs; the QuickFix™ Simple Garland convinces with 240 points of light, and the curved QuickFix™ Swag Garland with its 360 points of LED lights makes for a festive atmosphere. Thanks to the design protected QuickFix™ system, several trees or garlands can be easily connected with each other.

- B1 tested quality
- High number of tips – very high density
- Each light individually attached to a tip
- Wires run through interior of product
- Natural color of tips
- Variable number of lights
- Ideal transport packaging
- Without mains plug
